PROFILE SUMMARY

M.Com Finance graduate (CGPA 78.8%) with practical experience across accounts receivable, accounts payable, financial reporting, and GST compliance gained through two finance internships. Comfortable working with ERP systems, building Power BI dashboards, and using Python/SQL to turn raw financial data into clear, decision-ready insights. Known for accuracy, structured documentation, and meeting deadlines in multi-client environments. Looking to bring this blend of accounting fundamentals and data fluency to an entry-level finance.

EXPERIENCE

Accounts Trainee — HMPS Associates, Salem — May 2023 – June 2023

- Managed end-to-end GST registration and GSTR-1 filing for 10+ client accounts, achieving **100% on-time submission** with zero compliance issues.
- Maintained ledgers and performed monthly reconciliations across multiple client accounts with **zero discrepancies**.
- Prepared P&L and balance sheet summaries, applying **ratio analysis** to support client financial reviews.
- Verified invoices and resolved billing discrepancies, maintaining audit-ready documentation throughout.

Finance Intern — SV Furniture, Salem — May 2025 – June 2025

- Recorded and verified **100% of daily financial transactions**, supporting accurate month-end close.
- Tracked inventory and operational costs daily, flagging discrepancies in real time.
- Organised financial documentation for audit purposes with **zero missing records**.

Data Analytics Intern — Novi Tech R&D Pvt, Coimbatore — June 2026 (Present)

- Cleaned and analysed financial datasets using Python (Pandas, NumPy) to identify trends and anomalies.
- Built Power BI dashboards visualising KPIs, expense trends, and reporting metrics.
- Wrote SQL queries to extract and aggregate data for financial reporting use cases.

PROJECTS & PORTFOLIO

- Finance Analytics Dashboard** — Power BI + Python project tracking AP/AR KPIs, invoice aging, and expense trends.
- Finance-Focused Web Application** — Built an application integrating accounting workflow logic with data analytics and automation concepts.
- Portfolio site (portfolio-nine-nu-83.vercel.app) showcasing finance, data analytics, and fintech research work.

RESEARCH PUBLICATIONS

- "Shaping the Future of Commerce with AI & Transformation" — K.S. Rangasamy College of Arts & Science
- "Eco Mobile Banking: FinTech in Transforming Sustainability" — PSG College of Arts & Science, Coimbatore
- "Enhancing Trust: Shift from Cards to Biometrics in Contactless Payments" — Rathinam College of Arts & Science
- "Inhibitions of Trans Entrepreneurs" — Sri Krishna Arts & Science College, Coimbatore

LEADERSHIP & ACHIEVEMENTS

- Association Coordinator** — planned and executed departmental events, managing cross-functional student teams and financial budgets.
- Presented research papers at multiple national and international academic conferences.
- Continuously building finance + tech skills through certifications, self-directed projects, and an active portfolio.
